"Pink Treasure"

BAUR-STEINKAMP & COMPANY

Station A, Indianapolis, Indiana

Foreword

THE PRICES quoted in this catalog cancel any previous issues and pertain to rooted cuttings except where noted.

In compiling this catalog we list only floricultural products that have proved their worth in our greenhouses. Our intimate knowledge of the specialties: **carnations, chrysanthemums, poinsettias and hydrangeas**, enables us to confidently recommend varieties that have merit. Before releasing, we carefully select our seedlings, ever bearing in mind that they must be an improvement over any varieties extant.

There is no stock on your place that is of greater importance than the young plants you are growing on for next season, and your success will depend very largely on the quality of stock you will bench next summer. It should have space on light, well ventilated benches and be grown in about the same temperature as you give the mature plants. Keep the plants growing steadily, shifting as may be needed to avoid stunting. Fumigate regularly to keep away insects. They attack the young plants as readily as the blooming plants.

To avoid leaf spot on your young carnation plants, spray sufficiently often with Bordeaux mixture to keep the foliage well covered. The prevalence of this disease all over the country makes this very important.

As a spray for the young chrysanthemum stock we recommend a weekly application of Volck's and Nicoteen, using one part of each to 200 gallons of soft water. This strength may be increased some if needed, or an additional application may be made if necessary.

We desire to thank our patrons who have mailed us unsolicited testimonials as to our meritorious introductions and packing methods. We hope you have benefited financially as well as enjoyed growing our selection of novelties.

All our glass area is located on State Road No. 29, one-half mile North of Marion County Line in Hamilton County, thirteen miles northwest of Monument Circle, Indianapolis. However, our present Postoffice address is STATION A, Indianapolis.

We cannot allow any cash discount. All bills are due on the first day of the month following date of invoice. To avoid delay in placing orders, give trade references. We prefer to ship via Railway Express in severe weather.

“PINK TREASURE”

Since we introduced Patrician to the trade in 1932 there has developed a demand for a pink variety comparable to it in size and general excellence. The variety “Pink Treasure,” which is illustrated on the front cover page, is out of the same seed parent as Patrician. It resembles that variety in general makeup but grows approximately twenty-five percent taller, standing fully twelve inches higher when in its maximum growth.

The color is a fine shade of medium pink.

Won gold medal at the Chicago spring show in March.

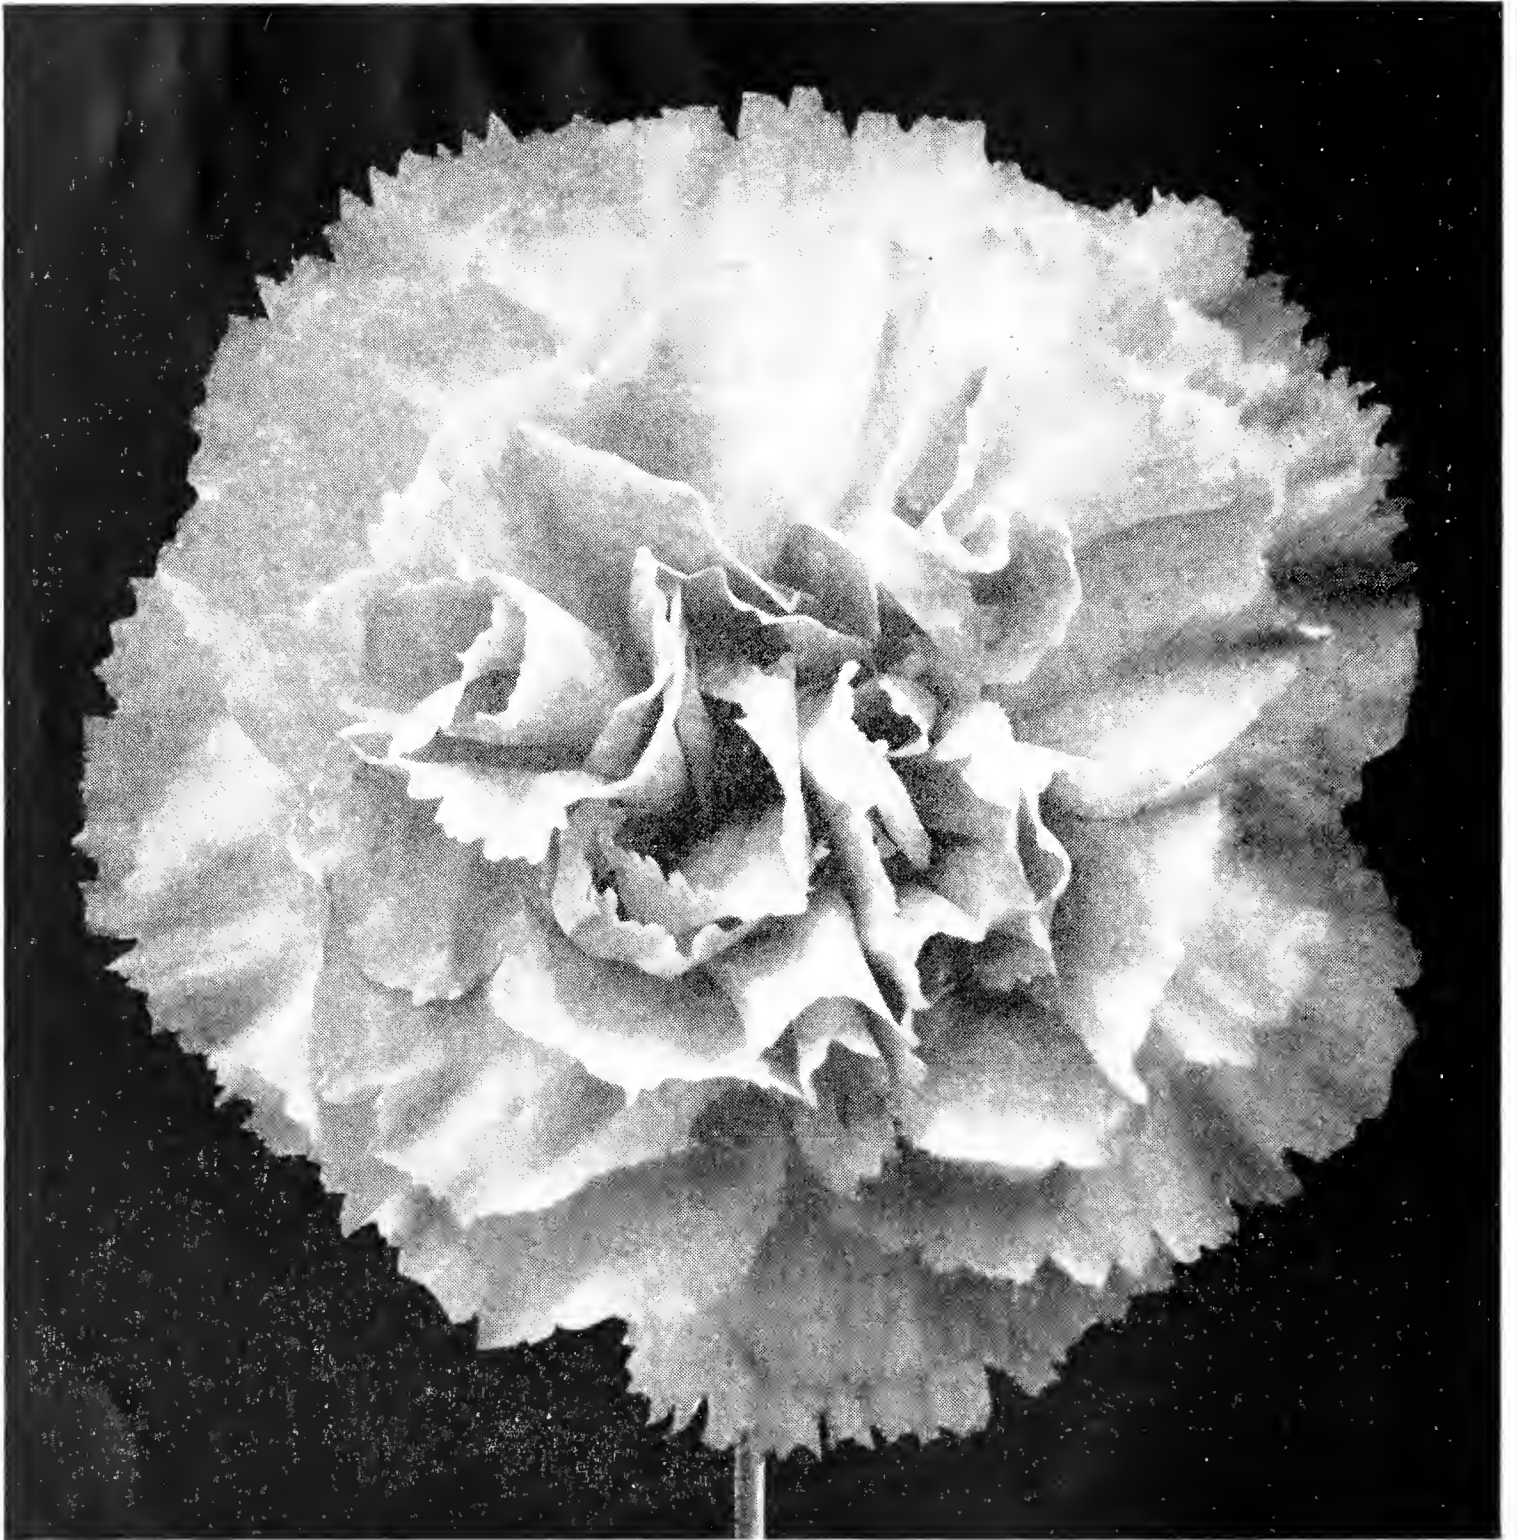

Made high scores wherever shown last season.

Qualified for the Dorner Memorial Medal at Philadelphia last January.

“Pink Treasure” will be disseminated under letters patent. All purchasers will be given permission to propagate without limit for their own planting.

The price will be \$3.00 per doz., \$20.00 per 100 and \$150.00 per 1000.

Purchasers of one hundred or more cuttings at above prices will be privileged in future seasons to purchase in lots of 500 or more at the rate of eight cents per cutting. This offer is made subject to availability of stock, all orders being filled in rotation as received.

“KING CARDINAL”

The peer of the scarlet carnations today.

It has a brilliant, deep red color.

It has large flowers, measuring up to four inches.

It has a strong stem which carries the flower erect.

It comes into bloom early, is free and continuous.

We have never seen a split calyx.

It makes fine plants in the field and transplants easily.

It does fine when grown inside continuously.

A few testimonials from expert carnation growers: “Oh Boy, what a wonderful carnation”; “King Cardinal has proved all you claimed it to be”; “I only purchased 100 of your King Cardinal cuttings, now I wish I had 5000”; “I sure do like that King Cardinal carnation. When are you going to introduce a pink that has the same good qualities?”; “It’s the last word in a scarlet carnation.”

King Cardinal is patented and we will issue permits to all purchasers to propagate without limit for their own planting.

\$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000.

Carnations

ROSE CHARM—The color is a Briarcliff shade of pink. The bloom is of large size, of good form and texture. It propagates easily, makes a fine plant in the field, transplants readily. Rose Charm is patented. \$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000.

CHIEF KOKOMO—The novelty that has become a great favorite where the demand for unusual make-ups is the vogue. The color, pink variegation on yellow ground, is very attractive. Try combining this color with silver, purple, scarlet, crimson and flesh pink. Chief Kokomo is patented.

Price \$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000.

LIGHT PINK ABUNDANCE—The record of Pink Abundance from which Light Pink Abundance sported leaves no doubt as to possibilities. It has the same blooming habit as its parent. The color is a Daybreak pink. Grow these two pinks and you will always have color from early fall till the end of the season. Light Pink Abundance is patented. Price \$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000.

OPAL—Purple Variegated. Great for dainty work. Makes splendid corsages. A gem for the retail grower. Very free bloomer. Will pay for its keep many times. Opal is patented.

Price \$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000.

These six patented carnations, namely: Pink Treasure, King Cardinal, Rose Charm, Light Pink Abundance, Chief Kokomo, and Opal are being sold allowing the purchaser the privilege to propagate without limit for his own growing, without paying us any royalty. We have authorized no one in this country to propagate for distribution. Send us your orders to avoid complications.

TRIUMPH—A flesh pink that shows promise of being generally grown. It is a well formed flower, with an even flesh color, similar to Enchantress, free and continuous. Try this variety in your section. It has proved worthwhile with us.

Price \$8.00 per 100, \$75.00 per 1000.

SATELLITE—B.-S. & Co. A scarlet carnation that will appeal to you with its free production of fine blooms on strong stems and its freedom from split calyces. No culls to worry about. We have plenty of good stock of this variety. Price \$6.00 per 100, \$50.00 per 1000.

PATRICIAN—B.-S. & Co. As a producer of large white blooms of the highest quality in unusual abundance, Patrician has no equal. The blooms are always salable even in early fall and late spring, regardless of heat. Its fine quality and easy culture have made it the most widely known white today. We are again prepared to meet the demand with an especially selected pure white strain of first-class cuttings.

Price \$5.00 per 100, \$45.00 per 1000.

POTENTATE—B.-S. & Co. One of the very best keepers among the carnations. Its deep rich crimson purple color and large sized blooms make it the "boutonniere" favorite.

Price \$8.00 per 100, \$75.00 per 1000.

SENATOR—Large pure white flowers on long stems. Best in mid-winter. Propagates easily. A splendid grower.

Price \$5.00 per 100, \$45.00 per 1000.

PINK ABUNDANCE—B.-S. & Co. Won the Marcellus Adams Patten gold medal awarded by the American Carnation Society as the carnation approved of greatest value commercially in its period, from 1926 to 1930. We propagate this variety in large quantity. It's the standard in the medium pink class.

Price \$5.00 per 100, \$45.00 per 1000.

VIVIAN—A shade deeper than Pink Abundance, but clear and bright. Makes good sized plants in the field, transplants easily and makes good bloom early. We have a nice stock.

Price \$5.00 per 100, \$45.00 per 1000.

SPECTRUM SUPREME—The standard scarlet for shipping. Stronger stems than the original Spectrum, much darker color.

Price \$5.00 per 100, \$45.00 per 1000.

WOBURN—The standard crimson on account of its wonderful color and all around excellence. Always brings the top price in the cut flower market. Crimson carnations are decidedly in demand these days.

Price \$8.00 per 100, \$75.00 per 1000

E. H. WILSON—Extra large bright scarlet introduced to the trade two years ago. Fine growing habit, comes early, throws choice blooms on stiff stems.

Price \$8.00 per 100, \$75.00 per 1000.

LENORA—B.-S. & Co. Pink penciling on white background. Very fine flowering and does not come sleepy in warm weather. Plant this variety in place of Eldora, it being better in every way. Be prepared to meet the increased demand for novelties.

Price \$5.00 per 100, \$45.00 per 1000

PETER FISHER—A very free blooming Briarcliff rose shade of pink. The color appeals to the artist in arranging color combinations. Grow this variety in quantity.

Price \$8.00 per 100, \$75.00 per 1000.

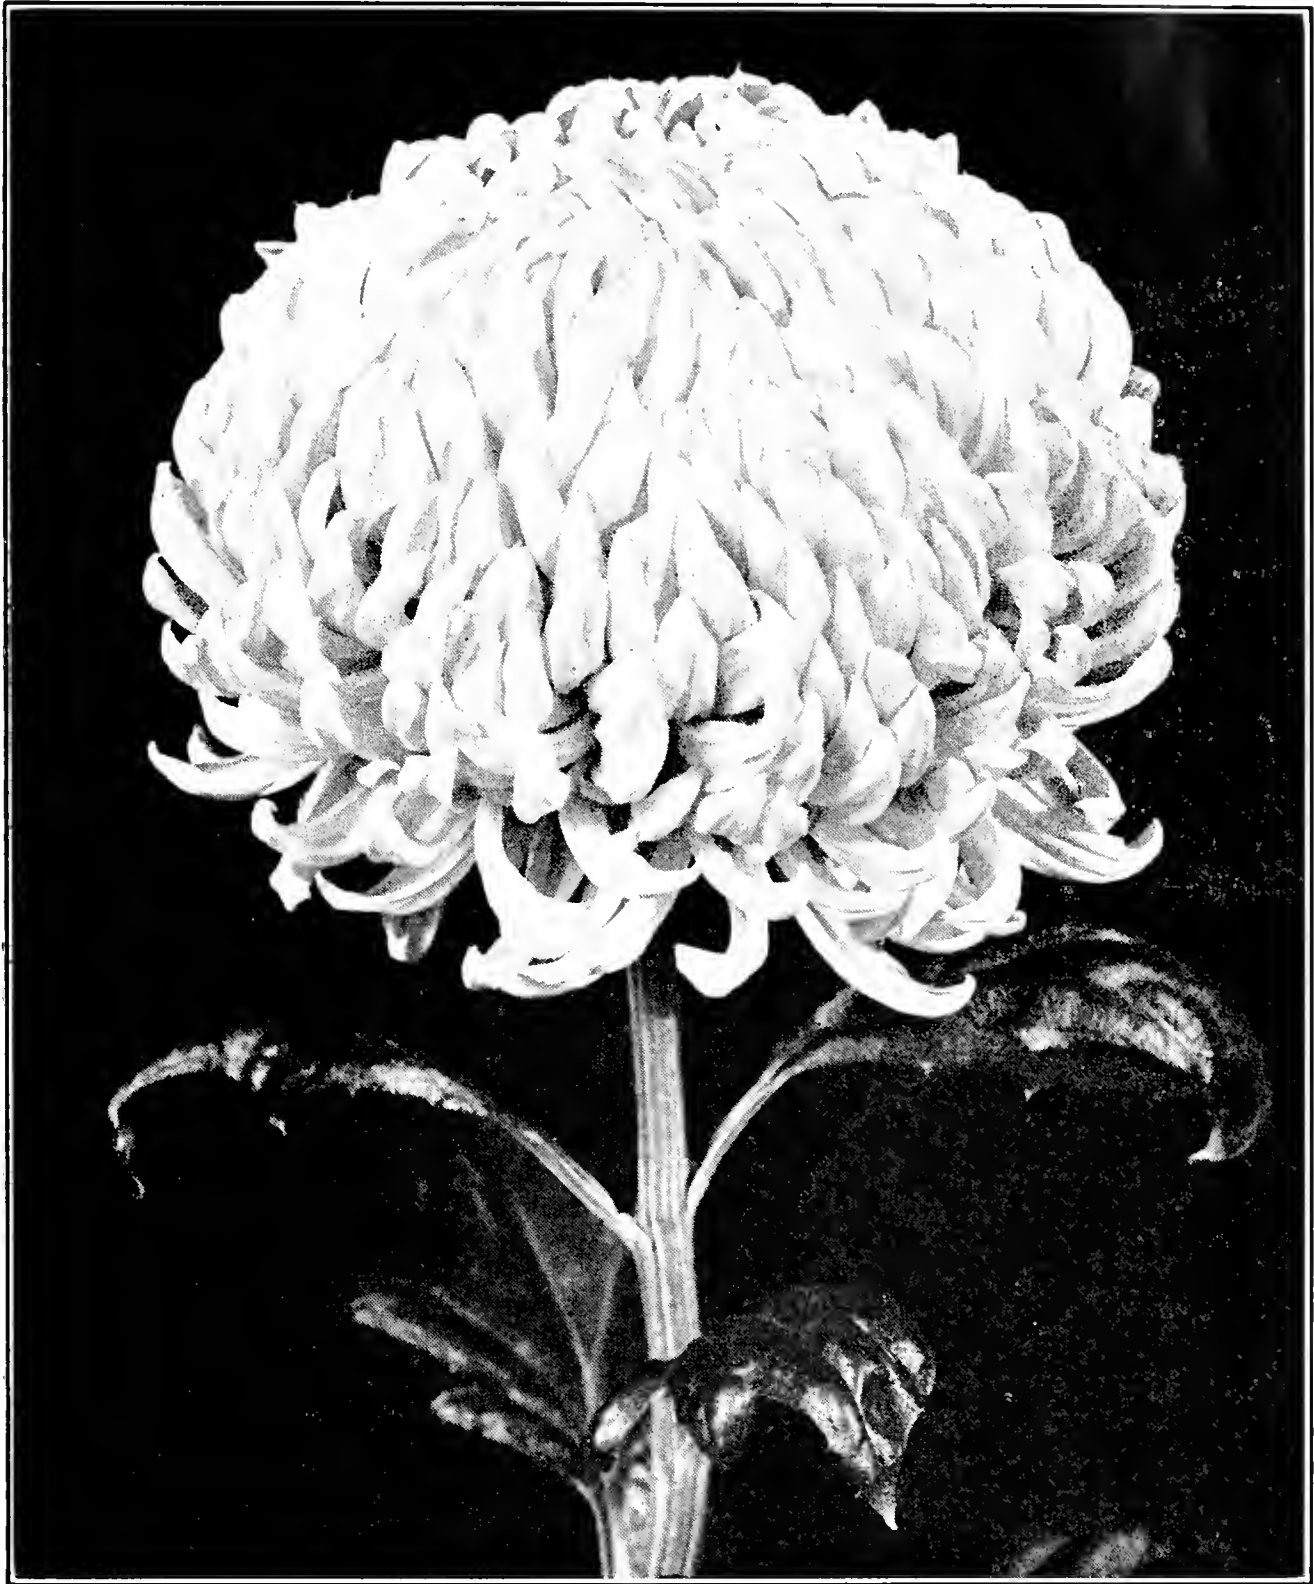

The two following varieties were originated by the Bureau of Plant Industry. U. S. Department of Agriculture, Washington, D. C.

MAVOURNEEN—Light pink shade, cameo pink, size of flower, three and one-half inches; plants of easy culture, propagate readily, not susceptible to rust and free flowering; Flowers are well-formed and full with good keeping qualities, calyx is non-splitting; stems are long, strong and straight.

Price \$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000

CARLOTTA—Dark pink shade, spinel pink with a rose cast; size of flower three and one-fourth inches; Plants of easy culture, propagate readily, free flowering and not susceptible to rust. Stem long and strong. Flowers well formed and full with good keeping qualities. Non-splitting calyx.

Price \$2.00 per dozen, \$12.00 per 100, \$100.00 per 1000

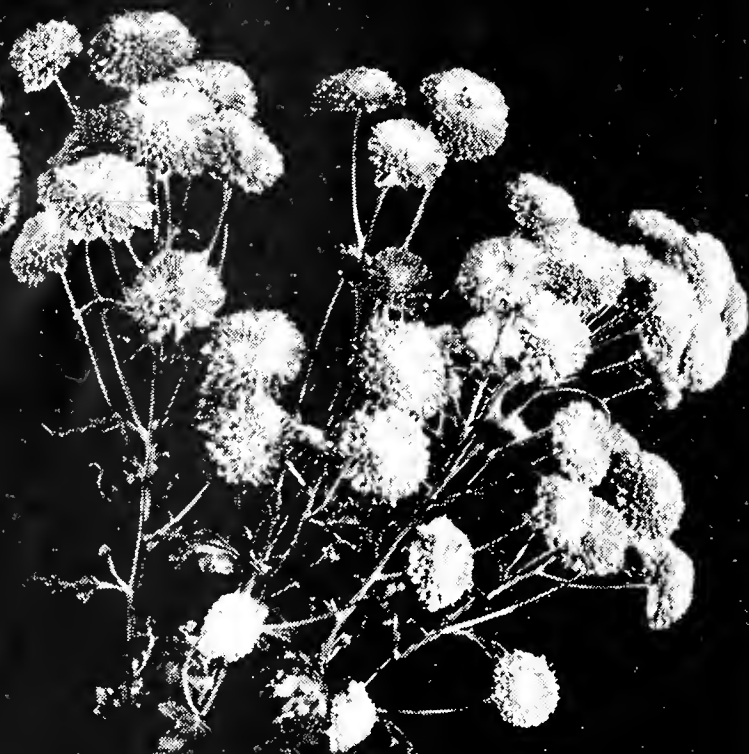

ORCHID QUEEN

ORCHID QUEEN (15529)—Large incurved bloom of a pleasing shade of orchid pink. The plant is very robust in both stem and foliage, growing to about five feet from early June planting. Blooms second week in November. Perfects an unusually large percentage of its blooms and should prove very profitable as a commercial. Take terminal bud.

Price \$5.00 per dozen ; \$7.50 for 25 ; \$12.50 for 50 ;
\$15.00 per 100.

Ecstasy

Creole

Golden Spray

Silver Bells

New Pompon Chrysanthemums

GOLDEN SPRAY (11428)—An early flowering yellow pompon that will please the grower with its fine habit. Grows to medium height and produces good yield. The color is about like Nuggets and the bloom is about the size of Pink Dot. Blooms ahead of Goldfinch, early in October.

SILVER BELLS (20929)—Could be called a white Nuggets except that the foliage is more rounding. Grows somewhat more upright, also. Branches readily and gives a good yield. Blooms early in October and does fine under shade, for which purpose we give preference.

ECSTASY (11230)—An unusual shade of clear pink. Grows somewhat taller than average, but branches readily and gives a good yield. Makes fine spray. This also is medium early and is fine for shading.

CREOLE (11828)—A bronze pompon seedling we have grown for several seasons, both under shade and normal. Makes fine sprays and sells well in our market. Blooms normally in early November, following Bokhara. Grows slightly taller than average and gives good yield.

The price on above varieties is \$5.00 per dozen ; \$7.50 for 25 ;
\$12.50 for 50 ; \$15.00 per 100.

BRONZE BEAUTY

BRONZE BEAUTY (3430)—A splendid sort to follow Detroit News for commercial growing. Incurved bloom of good average size and fine color. Holds up well after cutting. Blooms during the latter half of November finishing up for Thanksgiving. Grows four feet from early June planting. Take terminal bud.

Price \$5.00 per dozen; \$7.50 for 25; \$12.50 for 50;
\$15.00 per 100.

Chrysanthemums

Sixty cents per dozen, \$3.00 per 100, \$27.50 per 1000—except where noted.

Our mum stock is clean and in every way in good condition. If you contemplate shading part of your plantings this season, we will be glad to assist you in selecting the proper varieties.

LARGE FLOWERED

White

QUAKER MAID—B.-S. & Co., 1927. Plant this variety in early June and take the bud about August 25th to have ready to cut first week in October.

WHITE CHIEF—B.-S. & Co., 1930. Plant this to follow Quaker Maid. Round pure white bloom, glossy foliage and grows three feet tall. Take terminal bud.

AMBASSADOR—B.-S. & Co., 1931. Fine for growing either normally or for shading. Last fall we had this variety blooming from September 12th to November 1st by shading it at different periods. We consider this our very best medium early white. Take terminal bud.

IMMACULATE—B.-S. & Co., 1933. A beautiful grower with glossy foliage. The bloom is of medium size, pure white and round form. Blooms in early November. Take terminal bud.

STATELY WHITE—B.-S. & Co., 1935. This variety will be welcomed by those who cannot plant until July. Its strong growth making possible four-foot stems when planted by July 15th. The bloom is incurved and of good size and pure white. Plant this to fill between Ambassador and Monument. Take terminal bud.

SNOW-WHITE—B.-S. & Co., 1924. Ranks as one of the very best for early November. The blooms are incurved, good sized and pure as snow in color. Grows about four feet from June planting. Take terminal bud.

MARGARET GRAHAM—B.-S. & Co., 1929. Some growers rate this variety along with Monument. Pure white round bloom. Fine foliage. Grows four feet. Take terminal bud. Blooms about November 20th.

MONUMENT—B.-S. & Co., 1924. Has become a great favorite for mid-November. The blooms are large in size and round incurved in form, and pure white. Blooms best from terminal bud.

CHATTANOOGA—Grow this for Thanksgiving day. Pure white incurved flower. Grows five feet from June planting. Take terminal bud.

Yellow

GOLD LODE—B.-S. & Co., 1927. Plant this early in June and take bud about August 25th to cut the first week in October. Also fine for shading and can be had in bloom by the first of September.

GOLDEN OCTOBER—Deep yellow incurved with waxy petals. Grows four feet from June planting. Has good foliage. One of the best early yellows. Follows Gold Lode to bloom about October 15th in this section. Take terminal bud.

CELESTRA—B.-S. & Co., 1929. We rate this one of our very best commercial yellows. Follows Gold Lode. Perfectly round bloom with perfect stem and foliage. Take either late crown or terminal bud. Grows four feet from June planting. Good for shading.

YELLOW AMBASSADOR—Sport from Ambassador. Grow this yellow sport along with the original white for a pair of unequaled earlies. We have a large stock, February and later delivery. Price \$6.00 per 100, \$50.00 per 1000.

SUNGLOW—One of the good second earlies. Bright yellow flower of good size. Grows four feet and blooms in late October. Take terminal bud.

COAHOMA—B.-S. & Co., 1932. Plant this to follow Celestra. Bright yellow flower of good size. One of our best commercial yellows. Fine for shading. Blooms in late October. Take terminal bud.

GOOD NEWS—Clear yellow Sport of Detroit News having wonderful substance, good stem and foliage. Blooms in early November. Good for shading. Take terminal bud.

CORONNA—B.-S. & Co., 1926. Wonderful deep golden yellow. Incurved bloom of good size and substance. Fine upright growth, about five feet. Take late crown bud for best size.

MRS. WILLIAM THAW, JR.—B.-S. & Co., 1935. This fine yellow won the C. S. A. silver cup at the Pittsburgh, Pa., show November, 1934, and was selected as one of the varieties to be christened at that time. It is a large commercial type. The color is a clear medium yellow and holds unusually well. The bloom has a fine substance. The foliage and stem are perfect. Grows five feet tall from mid-June planting and four feet from early July planting. Did fine for us this past season under shade. Blooms naturally in November.

HONEYDEW—Large incurved bloom. Light clear yellow. Blooms November 10th. Take terminal bud.

CARDONIA—B.-S. & Co., 1933. Medium size incurved bloom with a wonderful deep yellow color. Blooms November 10th. Take terminal bud.

FRIENDLY RIVAL—Deep gold yellow. A good standby. Very popular in the mid-west. Select bud September 10th. Blooms November 10th to 20th.

YELLOW MONUMENT—Yellow sport from Monument. Identical in every respect except the color. Needs no further recommendation. Blooms in the middle of November.

GOLDEN CELEBRATION—B.-S. & Co., 1928. Our choice for late November cutting. Easy doer, giving high percentage of perfect blooms. Bench late June or early July. We take terminal bud.

NELLIE T. ROSS—Large round bloom with clear bright yellow color. Plant early in July and take terminal bud. Blooms mostly in early December, following Golden Celebration.

Pink

LUSTRE—B.-S. & Co., 1928. Plant early in June and take crown bud in late August to bloom first week in October. Terminal bud will bloom ten days later.

PINK CHIEF—B.-S. & Co., 1932. Bright rose pink in color and round in form. Plant late in June and take terminal bud for best color. Blooms in middle of October.

JUSTRITE—B.-S. & Co., 1929. Bright lavender pink. One of our best for blooming October 15th to 20th. Produces practically all perfect blooms. A strictly commercial sort. Take terminal bud. Fine for shading.

OCTOBER ROSE—B.-S. & Co., 1925. A favorite for late October cutting. Large bloom on good stem. Take terminal bud.

OLD ROSE—B.-S. & Co., 1931. Deep lavender pink. Take crown bud for best size and color. One of the best in pink for shading.

ORCHID QUEEN—See description on page 5. Price \$5.00 per dozen, \$7.50 for 25, \$10.00 for 50, \$15.00 per 100.

PINK TREASURE—Similar to Chieftain in color and form but much larger. Blooms November 10th to 15th. Take terminal bud for best color.

THANKSGIVING PINK—B.-S. & Co., 1921. Deep pink solid reflexed bloom. Blooms late in November and early December. Grows four feet. Stem and foliage perfect. Good for shading and is also an excellent pot variety.

HELEN FRICK—A fine lavender pink companion for Thanksgiving Pink. Blooms in late November and early December. Take terminal bud.

Bronze

INDIANOLA—B.-S. & Co., 1928. Plant early in June and take bud in late August for blooms early in October. Terminal bud gives best color but not so early.

GOLDEN BRONZE—B.-S. & Co., 1930. Follows Indianola in bloom. Plant in late June and take terminal bud. Large bloom. Golden bronze in color. Good for shading. Very satisfactory all round variety.

DETROIT NEWS—Round bloom with wonderful substance. Good stem and foliage. Blooms in early November. Good for shading. Take terminal bud.

BRONZE BEAUTY—See description on page 8. Price \$5.00 per dozen; \$7.50 for 25; \$10.00 for 50; \$15.00 per 100.

POMPON VARIETIES

60c per dozen, \$3.00 per 100, \$27.50 per 1000, except where noted.

The retailer is unable to do without the Pompon. The many types and colors during the fall season make them indispensable. Since the shading process has been discovered, the season is much longer. Some types lend themselves to this process better than others. We shall be glad to make up a list of varieties that do well with us for this purpose. Every one of the list below is a good commercial sort.

White

EARLIWHITE—B.-S. & Co., 1934. Plant this in place of Whitewings, which it resembles.

SILVER BELLS—(20929)—B.-S. & Co., 1937. See description on page 7. Price \$5.00 per dozen; \$7.50 for 25; \$10.00 for 50; \$15.00 per 1000.

SNOWCLOUD—B.-S. & Co., 1933. Round bloom. Makes fine sprays and is a fine second early.

SEAGULL—B.-S. & Co., 1932. More open spray than White Doty. Blooms in late October.

WHITE DOTY—White sport from Lilian Doty. Fine for disbudding.

WHITE CAPS—B.-S. & Co., 1925. Pure white round bloom. Blooms in early November.

BOBBY—A flattish pompon with broad florets of a soft creamy white. Flowers one and one-half inch in diameter. Blooms November 15th to 20th.

YULETIDE—Pure white for late November and early December.

CHICAGO PEARL—Pure, vigorous growing habit. Blooms for Thanksgiving.

GARZA SUPREME—Anemone. Our stock has especially selected high cushioned center. Blooms in December and later.

Yellow

IMPROVED RODELL—Earliest Yellow.

GOLDEN SPRAY—(11428)—B.-S. & Co., 1937. See description on page 7. Price \$5.00 per dozen; \$7.50 for 25; \$10.00 for 50; \$15.00 for 100.

GOLDFINCH—B.-S. & Co., 1932. Our best early yellow. Good for shading. Blooms October 15th.

AUTUMN GLINTS—B.-S. & Co., 1924. Deep yellow with crimson centre.

GOLD DROP—B.-S. & Co., 1928. Old Gold with dark centre.

NUGGETS—B.-S. & Co., 1924. Best yellow for early November. Fine for pot plants.

YELLOW DOT—Yellow sport from Pink Dot. Yellow with crimson centre. Very fine. November 1st.

VARSITY—Clear yellow button type for early November cutting.

YELLOW DOTY—Bronzy yellow of Doty type, but not a sport.

YELLOW FELLOW—B.-S. & Co., 1924. Best yellow for mid-November cutting. Good for pots.

PRINCETON—A wonderful large pompon with good stem and excellent spray formation. Color deep golden yellow suffused with orange. Blooms November 15th.

NORINE—Large button type. Fine deep yellow. Grow for Thanksgiving.

GOLDEN CREST—Clear yellow. Blooms late in November.

YELLOW GARZA SUPREME—Yellow sport from Garza Supreme. Fine for December and later cutting.

MARY LENNEN HALL—A pompon of exception merit. Not an orange yellow nor a lemon shade, but a happy medium, very attractive. Blooms November 5th to 10th on well formed sprays, good stems, abundant blossoms.

Pink

LILAC—B.-S. & Co., 1930. Bright lavender pink. Blooms October 15th.

BONNIE MAID—B.-S. & Co., 1932. Follows Lilac in bloom. Beautiful lavender bloom produced in large sprays. Fine for pots.

IRIDESCENT—B.-S. & Co., 1930. Fine inside and wonderful outdoors.

JEWELL—B.-S. & Co., 1930. Large button type. Our very best early pink, inside, outdoors or for shading.

LETITIA—B.-S. & Co., 1930. Color improvement of Pink Dot. Same type bloom for late October.

PINK DOT—B.-S. & Co., 1924. Grow this variety cool to bring out its wonderful color. Late October.

ECSTASY—(11230)—B.-S. & Co., 1937. See description on page 7. Price \$5.00 per dozen; \$7.50 for 25; \$10.00 for 50; \$15.00 per 100.

MRS. KLERIS—Lavender pink of the Doty type. Blooms November 1st.

ROSE CHARM—B.-S. & Co., 1924. Darker than L. Doty. Fine for shading and disbudding. Early November.

LaVERA—We rate this as one of our best among the medium pink pompon varieties. The color is between Lilian Doty and Rose Charm. The bloom is well formed and slightly smaller than Doty. Comes right for the early November shows. Branches well when topped and grows upright. Gives good yield.

MASTERPIECE—A rather large pompon $2\frac{1}{4}$ inches in diameter. Of a rich tourmaline pink and a slightly lighter reverse. Equally good grown either disbudded or in spray form. Blooms November 15th.

SILVER TIPS—B.-S. & Co., 1930. Deep pink. Blooms late in November.

PAGOSA—A late dark pink, much the same shade as Thanksgiving Pink. Ready to cut December 5th.

Bronze

NUBIAN—B.-S. & Co., 1928. Deep bronze. Blooms in late October.

JEMIMA—B.-S. & Co., 1932. Bright bronze. Fine outdoors as well as inside.

BOKHARA—B.-S. & Co., 1925. Various shades of autumn colors. Fine for shading.

CREOLE—(11828)—B.-S. & Co., 1937. See description on page 7. Price \$5.00 per dozen; \$7.50 for 25; \$10.00 for 50; \$15.00 per 100.

FLAME—B.-S. & Co., 1933. Bright flaming bronze. Blooms November 1st.

NEW YORK (golden bronze)—With nice incurved form. Unique color makes it popular. Blooms November 1.

AMOS—B.-S. & Co., 1931. Fine shade of medium bronze. November 10th.

ZOE—B.-S. & Co., 1933. Light golden bronze. Late November.

RED BEU—Deep bronze for Thanksgiving cutting. Good for pots.

LEGAL TENDER—B.-S. & Co., 1931. Our very best golden bronze for late November cutting. Holds fine for Thanksgiving.

GOLDEN TIPS—B.-S. & Co., 1930. Bronze with golden tip on each petal. Blooms November 25th.

DOROTHY TURNER—Rich deep bronze for late November.

Red

ROBIN HOOD—Among the darker colored varieties this is one of our favorite pompons. The color is rich deep red. The substance, characteristic with this type, is unusually good. The blooms are about the size of Nuggets. Blooms early in November. Makes splendid sprays and gives heavy yield.

GRENADIER—B.-S. & Co., 1932. Rich deep red. Blooms in mid-November.

SPECIAL

NORMA—Pink petals with yellow anemone centre. Its greatest usefulness is in the disbudded state.

SUZANNE MILLER—Fine yellow sport from Norma. Also best when disbudded.

THE BELLE—Pure white anemone centered bloom in fine sprays. Fine for cutting or for pots.

BUCKINGHAM—Single pink. Makes wonderful sprays.

BRONZE BUCKINGHAM—Single bronze, Sport of pink Buckingham. Very acceptable for basket work.

GOLDEN GLEAM—A single with a double row of ray florets, primuline yellow with a slight touch of pink in the young flowers. Blooms November 5th to 10th.

PURPLE QUEEN—An aster purple anemone with a lighter reverse and with cushion florets tipped with gold. Flowers about 3 inches in diameter. Blooms November 15 to 20th.

RADIANT—A single bright English red with 3-inch flowers. Two rows of ray florets add substance to the flowers. Blooms November 5th to 10th.

CRUSADER—A light maroon anemone with cushion florets of gold tipped with maroon. Cushion high and rounded, $3\frac{1}{4}$ in. in diameter. Blooms November 10th.

MARKETEER (*White*)

One of Our New Seedling Varieties. Blooms November 15th and Later
